SAN FRANCISCO, NOVEMBER 24, 1849.

NO. 40.

SAN FRANCISCO.

Saturday, November 24, 1849.

For List of Letters, see Supplement.

The State Legislature.

Of the sixteen State Senators to be chosen, the extreme southern districts of San Diego and Los Angeles jointly elect two, and the districts of Santa Barbara and San Luis Obispo jointly elect one. Of the thirty-four Members of Assembly to be chosen, the districts of San Diego and San Luis Obispo elect, each, one, and the districts of Los Angeles and Santa Barbara, elect each, two. No reports have yet been received of the result of the election in either of these four districts.

The district of Monterey chooses one Senator and two Assemblymen. Woodworth is doubtless elected to the Senate, and Gray to the Assembly. The other Member of Assembly is either Per Lee or Hartnell.

The district of San Jose, which chooses one Senator and three Assemblymen, has probably elected Bassham, Senator, and Cory and Aram to the Assembly. The third Assemblyman is not yet certain, but the best chance, we think, is with Townsend.

The district of San Francisco, which chooses two Senators and five Members of Assembly, has elected Post and Bennett to the Senate, and Voorhies, Randolph, Stowell, Watson and Patterson to the Assembly.

The district of Sonoma sends one Senator and two Members of Assembly.—Gen. Valero is probably the Senator. The Assemblymen cannot yet be stated with certainty, but O'Farrell and Boggs have probably the best chance. Walker, however, may be elected.

The San Joaquin district sends four Senators and nine Members of Assembly. The Senators are probably Douglass, Lippincott, Vermeule and Taylor; though Lyons may follow very closely upon Taylor. The Members of Assembly are probably Benschoten, Moore, Stewart, Heath, Morehead, Creanor, Baldwin, Stephens and Ogier. The vote for State Legislature, as far as heard from in this district, is said to stand as follows:—

FOR STATE SENATE.

David F Douglass	2345
B S Lippincott	2294
T L Vermeule	2211
Nelson Taylor	1792
Henry A Lyons	1371

FOR ASSEMBLY.

J P Baldwin	1084
J F Stephens	1054

J S K Ogier	1026
S S Gallagher	942
J D Carpenter	820
W D Fair	800

The Sacramento district has four Senators and nine Assemblymen. Bidwell, Crosby, Green and Robinson, are probably the Senators, although Morrison may run Robinson very closely. The Members of Assembly are probably Cornwall, Walthall, McKinstry, White, Cardwell, Dickinson, Hughes, Williams and Tingley. The vote for State Legislature in this district, as far as heard from, stands as follows:

STATE SENATE.

John Bidwell	2980
E O Crosby	2209
T J Green	2126
H E Robinson	2023

The result of the election will show, we think, that the bulk of the vote has been given in the towns, and even in these, very large numbers of the voters have not gone to the polls. We doubt whether the total vote of the State will exceed fourteen thousand. Had any considerable degree of political excitement prevailed throughout the State, or even if any sufficient time had been given for political organization, we are confident that fifty thousand votes might have been polled. In this state of things, it is of course impossible to say with certainty, who are elected to the State Legislature in the different districts, but we have given our best judgment, based on the information which has yet come to hand.

ADVERTISEMENT OF LETTERS.—Our readers will perceive that we finish this morning the advertisement of Letters that have remained more than three months in the Post Office. We are glad to learn that our publication has been of service in causing many letters to reach those to whom they were addressed, which but for their advertisement would probably have never been called for.—

We have taken special pains to send the papers containing these advertisements through the mines. Their publication at the rates allowed by law has been, as we knew it would be, a dead loss to us, but we felt it to be very plainly our duty to comply with the urgent request of Col. Allen and our excellent Postmaster and render to the public the service which we have performed. We shall continue to do the work with the same motive hereafter, and we cannot doubt that in due time the Department will allow us a fair compensation for it. Meantime we congratulate our advertising friends, that the job is for the present out of the way, and that we shall not be any longer under the necessity, as we have been, of excluding so many of their favors.

ODD FELLOWS.—We are pleased to learn that a meeting of Odd Fellows was convened at the Odd Fellows' Hall on Saturday evening last, for the purpose of "rendering aid and assistance to all such as may stand in need during this inclement season of the year." We also learn that this association is formed, principally from members of the Order, who are in this city without cards, and who cannot co-operate with the California Lodge in their works of benevolence in any other way. The following gentlemen were chosen officers: E. Herdendorf, President, Milo Hoadley, Vice President, Wm. Newell, Secretary and E. K. Krauth, Treasurer. The terms of membership are good standing at home, and the payment of \$4 per month, for the assistance of the sick and distressed. The meeting was adjourned to Saturday (this) evening, at 7 o'clock, in the new Hall in Montgomery street, near Jackson street.

CORONER'S INQUEST.—Doctor Colton, whose appointment as Justice of the Peace we noticed a few days since, informs us that he held an inquest on Thursday morning at the house of Francis Galusha, upon the body of a man by the name of Sylvia, a Portuguese. It appeared from the evidence that the deceased was a baker by trade, had been somewhat intemperate of late, and inclined to melancholly. Some weeks past he had been out of employment, and out of money. On the evening of Wednesday, he was discovered with his throat cut, with a razor in his hand, and breathing his last. The jury returned a verdict that deceased came to his death by cutting his throat with a razor, with his own hand.

IMPROVEMENTS ON THE SQUARE.—We are glad to see that all the new buildings being erected on Portsmouth Square are large and substantial, and that the fronts are to be finished in an ornamental manner. The new building, now nearly finished, between the St. Charles and Bella Union, is for this country, a noble structure; so also is the new Miners' Bank.

The Election.

The following table shows the result, as far as at present heard from, through the State, of the vote for Governor, Lieut. Governor and Members of Congress, and upon the adoption of the Constitution. Burnett and McDougall are

elected beyond doubt. Wright is certainly elected to Congress, and Gilbert probably, though the race between Gilbert and Price may prove to be so close as to make it necessary to await the official declaration of the whole vote, on the 15th of December, before the question between them can be settled.

Party Action in California—Mr. Gilbert's Statement.

Mr. Gilbert, whose probable election to Congress we have noticed in another column, makes an explanation of his position in the late canvass, over his own signature in the Alta California of Thursday last, the material portions of which we deem it to be but fair and just to him to transfer to our columns. The statement bears date of 14th November, the day after the election, and appears to have been written under the impression, derived probably from the result of the poll in this city, that he had been defeated. Mr. Gilbert, as is known to our readers, did not receive the nomination of either of the public meetings held in Portsmouth Square; but ran as an independent candidate.

We give his statement of his position, with the single remark that we entirely concur in his view in relation to the attempted organization of the democratic party, in this election. We regard his opinion as without doubt fully borne out by the general result everywhere in the State, save in San Francisco. There is hardly a pretence of any democratic organization elsewhere; and now that the election is over, we suppose all will admit that the organization here was entirely incomplete if not invalid. It wholly failed to concentrate the mass of the democratic votes of San Francisco. In other places, some whigs and doubtless many more democrats, have been chosen. But they have not been chosen as democrats or as whigs, but mainly in view of other personal and local consid-

erations. The old party issues—the Tariff, the Sub Treasury, the Veto, &c. have not generally been thought of, in the canvass. We felt assured from the first that this must be the case throughout the State. The result, showing that the mass of the voters have not voted at all, fully confirms our impression. Indeed the division of the gubernatorial vote between Burnett and Sherwood, to name no others, shows that there was no party organization in the State, and no party nomination which could be regarded as regular. The election has turned upon personal and local preferences. It was best that at this time it should do so. It is surely better to have no party movement here, than to have a lame and ineffectual one, which neither presents issues nor candidates with any show of party authority, and which, while it wholly fails to bring out the rank and file of the party, leaves everything to mere personal preferences and so takes the name of the democratic party in vain.

But we will not detain our readers longer from Mr. Gilbert's statement. He says:

During the canvass which has recently taken place, I have frequently heard and contradicted untrue statements of the reasons why I did not receive the nomination of the democratic party of the District of San Francisco for Congress.

The first of these charges is—"That I did not want the nomination—That I would run whether I had the nomination or not." The facts are thus—shortly after my return from Monterey, after I had been announced in the newspapers as a candidate, and after my tickets had been circulated, I was waited on by a

gentleman who afterwards became chairman of the democratic nominating committee. He wished to know if the Alta California newspaper, of which I am one of the editors, would espouse the democratic cause. I told him that though I was a democrat such was the nature of my arrangements with my partners [who are all democrats] that it could not be done; and that I said further that I was opposed to the introduction of party politics into this contest, and that even if I had the power I would not make the Alta California a party paper—that it was an independent journal and should not be used to advance my political interests, nor those of any other man. And I also said that if it were necessary to have a democratic organization and a democratic organ, I would print a new and distinct paper for the contest. My opinion was then asked as to the propriety of organizing a democratic party. I advised against it, and at the same time urged that if a party organization were gone into, it should only be for the district ticket. I urged that there were many candidates already in the field for governor, lieutenant governor and congress—that most of them were democrats, and that it would therefore be unkind and unfair at this late day to make an invidious distinction between one democrat and another, as you would do by a nomination.

It is also charged that I said—I will not allow my name to go before the democratic nominating committee." In reply to a direct question from one of that committee, I said—"My advice is that you make no nomination for governor, lieutenant governor or congress, as there are already several democrats running, but if the committee and the majority of my democratic fellow citizens think differently, why then I desire my name to go before the committee—I desire the nomination."

And it was finally charged that I said—"I will run whether nominated or not;" and it was asserted that no democrat ought to be elected who runs in opposition to the regularly nominated democratic candidate. To this I reply, that I said to the chairman of the democratic committee that my tickets were already printed and circulated in the extreme portions of the state—that the newspaper and my friends had announced me as a candidate—that it was too late to think of retiring—that I must and should run whether I received the nomination or not. I said this without reference to the other candidates, but the thought has frequently suggested itself since, whether any man who supposed I ought to retire from the contest if I did not receive this nomination, was not asking more of me than of others. Does any one believe that either of the gentlemen nominated would have declined to run, if they had not been so endorsed? Certainly not. Why, then, ask such a sacrifice of me? Why ask me to pursue a course which no other democrat was expected to pursue, and which no one has or would have pursued?

I contended that we were all democrats—in the field as independent nominations long before this organization of a democratic party was spoken of—and that therefore it would be improper and unjust to nominate one over another. And I asserted, that if you were guilty of the wrong of elevating one democrat at the expense of the others, in a single district, you had no right to demand that those thus injured should surrender all their rights and expectations in other portions of the state.

In the conclusion of his statement, Mr. Gilbert emphatically denies the charge brought against him in some quarters, during the election, that he

suffered no tickets to be printed at the Alta California office, on which his own name was not placed. He says—

Those who know me, I believe, would not credit such a statement; but for the information of those who do not, I assert positively that the report is false and scandalous in every particular. More than three fourths of the 150,000 tickets printed at the Alta California office did not have my name upon them; and at least one half of those printed at the Placer Times office were of the same character; and the very fact that both the Alta California and the Placer Times newspapers were under my control, and yet were never used to advocate my political aspirations, should at least have saved me from so foul an imputation.

As to this point, we deem it proper to say, that though we preferred other democratic candidates to Mr. Gilbert and though we heard of the charge at the time, we never for a moment believed it, and therefore forebore to make any allusion to it in our columns.

CITY ITEMS.

REPORTED FOR THE NEWS, BY "BOSTON."

CITY LOTS.—We observe the Catalogues of another extensive sale of city lots at auction, are out. This sale, like the former one is by order of the City Council, and will take place on Wednesday the 28th, in front of the Alcalde's office on Portsmouth Square.

It will be seen by our Marine list, that there was an uncommonly large number of arrivals on Thursday, and some very quick passages from the States. The ship "Golconda" from Bangor, Me., made the passage in 160 days; and the "Johanna" from Hamburg, was only at sea 101 days.

JUDGE ALMOND'S COURT.—There was quite an amusing scene in this Court yesterday. Capt. — came into the room during the sitting of the Court, and being a little "how come you so," talked rather louder than was compatible with propriety, or the dignity of his Honor, who kindly remonstrated with the Capt., but to no purpose. He accordingly fined him ten dollars for contempt, which was immediately forked over, but the "talking in meeting" still continued. His Honor thinking, probably, that the tenderest place to touch the Captain, would be his pocket, hereupon fined him fifty dollars, which sum was also readily paid over, and to the astonishment of all present the Captain still continued talking. Finding that "bleeding" would not silence the talkative gentleman, the judge ordered the Constable to remove him from the room, when business again proceeded with its accustomed quiet.

HAD HIS POCKET PICKED.—A Mr. Atwood, at the "Bella Union," Thursday night, of \$175 in gold dust. Such occurrences as this, we are proud to say, are very rare in California.

ALCALDE'S COURT.—The case of Kent vs. Gibb, for drayage, went for Plaintiff. We mention this to show the folly of contesting a claim which is any where within the bounds of reason, unless a contract, either verbal or written can be proved. The sum in dispute was only eight dollars. The whole amount claimed was \$108 which was recovered with costs.

We called at the rooms of S. S. Osgood, the Artist, yesterday, and we have not spent an hour more agreeably for some time. He has just finished two splendid portraits of Capt. J. A. Sutter. They are both excellent likenesses. There are several other fine portraits of some of our leading merchants in his Studio. Mr. Osgood, as an artist, stands among the first in his profession.

ANOTHER DEAD BODY FOUND.—While the laborers were engaged in digging through a bank of earth in California st., on Wednesday last, they came upon the body of a man, uncoffined, with clothes on, buried about 3 feet below the surface.

It had the appearance of having lain some months. No inquest was held upon the body, nor was the Sheriff, who has also we learn an appointment as Coroner, even notified of the affair. Perhaps persons generally are not aware that they render themselves liable, by making any disposition of a body found in this manner, before a Coroner's inquest has investigated the matter. Such is the fact.

CONCERT OF VOCAL MUSIC.—It will be seen by public notices that Mr. Horton will give a concert at the Bella Union on Sunday evening. We learn that Mr. Horton has been very successful as a concertist in the States.

Subscriptions are being received in London, and a charitable society organized for the purpose of establishing a Sanatorium in the Island of Madeira for the benefit of consumptive persons.

In accordance with the Proclamation of the Governor, appointing a day of public thanksgiving, services will be held at the Baptist church, Washington street, on Thursday, 29th, at 11 o'clock, a. m. A sermon may be expected from the pastor. The public is respectfully invited to attend.

Church of the Holy Trinity.—The congregation worship in the new church building, corner of Powell and Jackson streets. The members and friends of the Episcopal church, are invited to attend. Services at 11 o'clock, A. M., and 3 past 3 o'clock, P. M. Rev. Flavel S. Mines, Rector.

DIED.

On Thursday, the 21st., of the bilious fever, J. K. WING, aged about 42 years—late of Albany.

In the mines, at Georgetown, on the 13th inst., AQUILLA GLOVER, a resident of this city, leaving a wife and one child, and numerous friends, to mourn his loss. Peace to his memory.

LOTS FOR SALE in the city of south San Francisco, offering the greatest inducements to persons recently arrived, who are desirous of locating themselves with superior advantages. The city of south San Francisco is situated two miles south of the city of San Francisco, immediately on the bay, having every advantage for the shipping, and is supplied with wholesome water in great abundance. A stream of sufficient quantity to supply both cities and all the shipping that ever may lay in their harbors, forms the northern boundaries of this place—is quite accessible and is about being conducted into reservoirs for that purpose. The harbor is more securely protected from the winds than the harbor of San Francisco, and ships of the heaviest burthen may at all times of the tide lay within a boat's length of the land at many points, and quite close along the whole front of the city, affording the best facilities to discharge cargo. The soil is free of dust, and is of a rich clay nature. There are extensive stone quarries, and springs of pure running water are in many places. The surrounding scenery is highly picturesque, and a more pleasant place for residences, or a more convenient place for business is not to be found on the bay. The only good road from the city of San Francisco to the Pueblo of San Jose passes through south San Francisco, crossing the mouth of Mission creek and the mouth of the stream of fresh water already alluded to. On this road you travel along a beautiful valley of firm grass land to the Puertoseco, a distance of less than two miles. Persons desirous of purchasing lots, which will wholly equal in value those of the City of San Francisco and provide for themselves residences on moderate and easy terms can do so by calling at the office of the undersigned in Clay st., where full particulars will be given them. HUNTER & BROTHER, Agent for the Proprietors.

A good House with everything necessary for the accommodation of visitors is now established at south San Francisco. xxxiv tf

RARE CHANCE for investment of capital for business men. Business calling the subscriber to the United States, he offers the following most desirable property for sale.

The Buena Vista Rancho, situated on Jackson creek between Dry creek and the Mockeluna river, on the main road leading from Sutter and Sacramento river, to the Mockeluna, Stanislaus, Stockton, and the San Joaquin. On the ranch there is two large new corrals, large log buildings, three hundred head of beef cattle, three wagons and teams, horses, pack mules, saddles, etc. A large lot of provisions, mining goods, and Indian trade. This rancho is one of the most important trading posts in the mining district; the ranch is well supplied with water and grass; several hundred head of horses are pastured on the place, belonging to the miners, and the trade with miners and the Indians is very extensive; the roads from Sutter, Sacramento city and Stockton, are very superior. The above offers a rare opportunity for business men to invest capital; this trading post has been established over twelve months, and the most central post in the mines. For further particulars apply to T. B. Winston, Esq., San Francisco; Geo. McKintrey, Jr. Esq., town of Sutter, or W. H. BIGGES, on the ranch.

Buena Vista, Oct. 30, '49. xxix ea

TOWN OF BOSTON.—Lots at the town of Boston, beautifully situated at the junction of the American Fork and Sacramento rivers, are now offered for sale. The town of Boston is only a few hundred yards above Sutter's Embankment, on the north side of the American Fork, and in the immediate vicinity of the gold mines, and from its situation possesses superior advantages for business purposes. The land which forms the site of the town is twelve feet above the highest water mark, and the river is twenty-three feet in depth at the banks. It is believed that no place offers greater inducements for investments than this town, as in addition to the above mentioned advantages it has a fine climate, good soil, with an abundance of excellent water, and is free from inundation at all seasons. The town has been surveyed by Mr. J. Halls, and laid out in a convenient manner, and a plan of it can be seen, and any other information relating to it obtained on application to

CAUTION.—Whereas, one J. A. Sutter has published a notice, in which he claims title to the land on the east bank of the Sacramento river, between the Feather river and the American Fork, I hereby notify the public that I am the only legal owner of the said land, under a warranty deed from J. A. Sutter himself, dated Aug. 10, 1843; and I therefore caution all persons that no legal title can be acquired to the same, or to any portion thereof, except through me. Justice to myself requires me to add that I shall hold the said J. A. Sutter legally responsible, both for the libel on my character, and the slander of my title, which his notice contains; and that if its publication is the result of a conspiracy to defraud me of my property, I shall take care that the offenders be brought to justice as soon as a criminal court before which they can be tried, is legally organized in this territory.

Any person desiring to satisfy himself of my title to the above land, is invited to call on W. H. Tiffany, at Boston, or on the undersigned, at his office, Sacramento street, San Francisco.

NEW YORK OF THE PACIFIC.—The City of New York, of the Pacific, situated at the head of ship navigation upon the bay of Suisun at its junction with the rivers Sacramento and San Joaquin, has been most accurately surveyed by Captain R. P. Hammond, U. S. A., and laid out in the most beautiful and convenient manner, and maps have been prepared by E. H. Rowe, Esq., engineer and land surveyor, pointing out clearly each and every lot within the surveyed limits of the city, and the proprietors now offer them for sale to the public. Along the entire water front of the city, a public street is laid out one hundred and fifty feet in width, beyond which no ground will ever be sold, and the proprietors therefore guarantee to the purchasers of all lots fronting on Water street, that no building shall ever be erected between their purchase and the water. There is no point along the entire water front of the city at which vessels of the largest class cannot lay within thirty feet of the bank of the river, and there are but few points where a large class of vessels cannot come immediately to the bank and discharge their cargoes, and at all points where this cannot be done, wharves will be built by the proprietors as soon as materials for building can be procured. The centre street of the city running North and South is one hundred feet in width, and all the other streets seventy-five feet; the lots are fifty feet front, by one hundred deep, and there is not a lot within the survey unfit for building purposes.

There are three public squares laid out within the survey, which will be given to the city, and the proceeds of the sales of all the lots fronting on the squares will be appropriated to
